

## Disability and Chronic Disease

### International Linkages

#### CSF Global ([www.csf-global.org](http://www.csf-global.org))

- Ongoing research collaboration with CSF Global (international NGO) operating in Bangladesh, Nepal and Indonesia.
- A/Prof Khandaker is the current Honorary Executive Director and lead investigator in studies on cerebral palsy in Bangladesh, Nepal and Indonesia.

#### Asian Institute of Disability and Development - AIDD ([www.disabilityasia.org](http://www.disabilityasia.org))

- Leading international disability research institute based in Bangladesh. A/Prof Khandaker is co-Director of AIDD.

#### Hanoi Medical University and National Hospital for Pediatrics Hanoi

- Long-term collaboration with Prof Elliott and A/Prof Khandaker on hospital based surveillance of congenital rubella syndrome and cerebral palsy.
- Prof Elliott leads the hospital based surveillance of Cerebral palsy in Hanoi, Vietnam (PAEDS Vietnam study funded by Australian CP Alliance).

#### American Academy of Cerebral Palsy and Developmental Medicine (AAPDM)

- A/Prof Khandaker is committee member of AAPDM

#### Cambridge University and Wellcome Sanger Institute

- A/Prof Khandaker is collaborating in a multi-country genomic study of CP in collaboration with Cambridge University and Wellcome Sanger Institute.

#### International Multidisciplinary Prevention And Cure Team (IMPACT) for Cerebral Palsy

- Professor Badawi is a co-founder and steering committee member of IMPACT for CP, which has hosted 7 international summits leading to ongoing collaborative partnerships.

#### Surveillance of Cerebral Palsy Europe and EUROCAT (European surveillance of congenital anomalies)

- Professor Badawi is collaborating on a Comprehensive investigation of Congenital Anomalies in Cerebral Palsy Study (The Comprehensive CA-CP Study) with the Surveillance of Cerebral Palsy Europe Network and EUROCAT.

#### International Cerebral Palsy Research Foundation

- Professor Badawi co-founded of the International Cerebral Palsy Research Foundation, US, in 2015.

#### Cerebral Palsy International Research Foundation

- Professor Badawi is a Scientific Advisory Board Member for the Cerebral Palsy International Research Foundation.

#### International CP Genetics Consortium

- Professor Badawi is a co-founder and advisor to the International CP Genetics Consortium.

#### Canadian Child-Bright Network

- Professor Badawi is Canadian Child-Bright Network Committee Member.

#### The American College of Obstetricians and Gynecologists

- Professor Badawi was a consultant on the American College of Obstetricians and Gynecologists Task Force on Neonatal Encephalopathy and Cerebral Palsy.

#### General Movements Trust

- Professor Badawi is an advanced Prechtl's General Movements assessor and collaborates with the trust on a number of research projects to improve early identification of cerebral palsy.

#### The New Zealand Cerebral Palsy register, the Bangladesh Cerebral Palsy register and the Sri Lanka Cerebral Palsy Register

- Through her membership on the Australian Cerebral Palsy Register Group, Professor Badawi has developed collaborative networks contributing to the establishment of the New Zealand Cerebral Palsy Register, the Bangladesh Cerebral Palsy Register and the Sri Lanka Cerebral Palsy Register, with common data elements allowing for ongoing research partnerships. She is also collaborating with a number of additional groups across Asia and Africa to develop national cerebral palsy registers.

#### National Perinatal Epidemiology Unit

- Professor Badawi has an ongoing collaborative relationship with the National Perinatal Epidemiology Unit.
